

White Wilderness Sled Dog Adventures

2020-21 Programs & Schedules

*Covid Update: We are not running prescheduled trips this year.
For groups of 2 or more contact us for availability*

*Our **Solo Trips** set the standard for a top-quality dog sledding experience. On these trips, every participant drives an individual solo sled with a team of four to six Alaskan huskies. This format allows us to run farther and faster than other trips. Solo sleds enhance your experience by giving you more time on the runners to improve your skills, and more time to spend with your team of dogs. Just one person on the sled can make sled maneuvering easier and people often get the hang of driving a little bit faster.*

Premier Yurt Trip — Solo Sleds

Our most popular trip features mushing to a remote heated yurt, learning to drive your own dog team and exploring the pristine, frozen lakes and trails of the Boundary Waters. Spend three full days immersed in the mushing world with your team of enthusiastic and lovable huskies. In addition to two nights at our secluded lakeside yurt, enjoy a comfortable lodge on both the first and last night. Savor hearty meals, a moonlit stroll under the night sky, or perhaps the northern lights. Discover the unforgettable scenery of the north woods in winter. This trip showcases trails that will inspire and challenge both the armchair adventurer and the adrenaline enthusiast.
